

## Occupations with Most Expected Turnover Next Year

---

Consistent with the pattern observed for industries, it appears that occupations with likely highest average turnover rates next year will be the ones that also had the highest average turnover rates last year. (Table 14/Figure 10)

**Table 14. Occupations with the highest expected turnover rate in the next 12 months (Minimum 30 observations)**

Occupation	Average Expected Turnover Rate (%)
Combined Food Preparation and Serving Workers	30.5
Cashiers	29.6
Fast Food Cooks	27.6
Food Preparation Workers	21.1
Counter and Retail Workers	17.6
Laborers and Freight, Stock and Material Movers, Hand	16.7
Retail Salespersons	14.9
Switchboard Operators	14.9
File Clerks	13.9
Credit Authorizers, Checkers and Clerks	12.8
